Buy Buist's Lawn Grass Mixtures

September and October is the Best Time to Plant a Lawn

The fall season is the best time to sow Lawn Grass Seed. The soil is warm and friable, with plenty of moisture from dews and rains, which not only hastens germination but enables the roots to become well established before freezing weather sets in. Competition from weeds is less, and root growth is well established before Spring. A lawn grown in this way will endure summer droughts better than a spring-grown lawn.

Our Lawn Mixtures are composed of the finest varieties of grasses, each of which has its season of beauty, and the result of this blending is the production of a sod that is always evergreen and velvety in appearance, having the color and beauty of an emerald.

QUANTITY TO USE—On new lawns sow 1 lb. of seed to 200 sq. ft., 5 lbs. to 1000 sq. ft., 100 lbs. per acre. For old lawns use half the quantity.

BUIST'S EMERALD GREEN

This is the best mixture for a beautiful lawn prepared from the highest grade of seed that can be produced. A perfect blended combination of fine bladed and deep-rooted permanent and quick growing grasses. Sure to produce thick sod with a rich green color and a compact, smooth, velvety surface which, with proper care, improves from year to year. 1/2 lb., 40c; lb., 75c; 2 1/2 lbs., \$1.75; 5 lbs., \$3.50; 20 lbs., \$12.00.

BUIST'S EVERGREEN

The best selling mixture composed of permanent and quick growing grasses blended to produce a sod that is always evergreen and velvety in appearance. 1/2 lb., 35c; lb., 65c; 2 1/2 lbs., \$1.50; 5 lbs., \$3.00; 20 lbs., \$10.00.

BUIST'S SUNNY SOUTH

This mixture includes varieties of grasses best suited for the Southern States. With proper care and regular watering Sunny South will make a beautiful lawn even in Summer heat and dry location. 1/2 lb., 35c; lb., 65c; 2 1/2 lbs., \$1.50; 5 lbs., \$3.00; 20 lbs., \$10.00.

BUIST'S SHADY NOOK

It is difficult to grow grass in shaded places, especially under trees unless a special mixture of shade-tolerant grass varieties are used. Our dependable Shady Nook formula contains a blend of those grasses which naturally thrive in the shade. 1/2 lb., 40c; lb., 75c; 2 1/2 lbs., \$1.75; 5 lbs., \$3.50; 20 lbs., \$12.00.

RYE GRASS, DOMESTIC

A splendid quick growing Winter lawn grass for Bermuda sods in the South. Thrives through the Winter while the Bermuda is dormant. Sow in October or November. Sow 25 pounds per acre. Lb., 20c; 10 lbs., \$1.75; 100 lbs., \$16.00.

WHITE DUTCH CLOVER

Buist's Lawn Grass mixtures contain White Dutch Clover. Those who prefer an extra heavy sod of clover in their lawn should use 2 ounces to every pound of grass seed. Sow separately for an even distribution. Oz., 15c; 1/4 lb., 50c; 1/2 lb., 85c; lb., \$1.50; 5 lbs., \$7.00; 10 lbs., \$12.50.

HARDY GARDEN LILIES

Plant bulbs on their side 6 to 8 inches deep with 1 inch of sand around each bulb. Manure should be placed 4 inches below bottom of bulb.

The Madonna Lily
